

The header features a light orange background with several autumn-themed illustrations: a brown maple leaf in the top left, a yellow maple leaf in the top right, a pair of acorns in the middle right, and a large orange maple leaf in the bottom right. On the left side, there is a circular illustration of a wax melt in a white silicone mold, with a checkered orange and white cloth underneath. The title 'SUGAR 'N SPICE WAX MELTS' is centered in a large, brown, sans-serif font.

SUGAR 'N SPICE WAX MELTS

WHAT YOU'LL NEED:

1/4 cup Beeswax Pearls
3 Tbsp solid coconut oil
50 drops Maple Leaf or Pumpkin Pie
Silicone mold

WHAT YOU'LL DO:

Melt Beeswax Pearls and solid coconut oil over a double boiler. Once melted, remove from heat and add essential oils. Stir to combine. Pour into small silicone molds and allow to cool. Add one melt to your wax warmer to enjoy the sweet or spicy fall aroma.
