Directions:

Aromatic - Diffuse using 2-3 drops per 100 mL of water or use in a personal inhaler.

Topical - Dilute to 1-2% in a carrier.

DESCRIPTION

Offering a fresh, green top note with undertones reminiscent of Pink Pepper, Elemi CO2 Extract makes a wonderfully complex addition to your collection. The extraction process offers a cleaner, longer-lasting aromatic profile than its essential oil cousin. Elemi CO2 Extract is great to use when you're feeling stressed or as an addition to age-defying and rejuvenating skin care recipes. It also adds a fresh note to woody, spicy, or zesty perfumes and is especially well suited for masculine fragrances and products.

**Spicy, lemon,
peppery aroma**

**Eases stress
& worry**

**Great for skin
formulas**
