

# PRIDE FLAG

## SOAP DIY

### WHAT YOU'LL NEED:

12 oz Melt and pour soap base

Soap coloring set

Pride Essential Oil Blend

Silicone soap molds

### WHAT YOU'LL DO:

Working in 2 oz chunks, melt the soap base over a double boiler. Add a small amount of soap coloring and combine well. You can also add the soap coloring after the essential oils and lightly stir for a marbled effect. Remove from heat and let cool for 30 seconds to a minute. Add 20 drops of Pride blend and stir until completely combined. Pour into the soap molds in small even layers. Spray with rubbing alcohol to help remove bubbles. While the soap cools, wipe out the bowl and begin melting the next 2 oz chunks of soap base until you have all six colors: red, orange, yellow, green, blue, and purple. Once the soap has completely cooled, remove it from the mold and enjoy the fun, vibrant, celebratory colors and scent.
